## **Be aware and be there for your children.**

Substance use, abuse and addiction affects kids of all ages. As a parent, talking to your children about drugs and teaching them to say “no” are good steps, but sometimes more education and help are needed. Be an advocate for your child and call First Sun EAP. Speak with a counselor and discuss the resources and treatment options available to you and your family.

*First Sun EAP services are made available to you and your family members by your employer. You can use the services whether or not you have chosen to participate in an employer health plan.*

*All counseling services are confidential in compliance with the law.*

**First Sun EAP Counselors are available 24/7/365 at 800-968-8143.**
